

BAGILLT COMMUNITY COUNCIL

Minutes of the proceedings of the Ordinary meeting of the BAGILLT COMMUNITY COUNCIL held in YSGOL GLAN ABER, BAGILLT on Friday 16th June 2006.

PRESENT : Councillor B.T. Doleman (Chairman)

Councillors : R. Davies, A. Griffiths, Mrs. D. Jones, Mrs. S.L. Jones, S.M. Manfredi, J. Ovens, C.P. Owens, M.A. Reece, C.R. Williams and J. Williams.

APOLOGIES : Councillors R.K. Jones, C. Williams and Mrs. D.J. Williams.

IN ATTENDANCE : Mr. G. Roberts (Clerk)

21. POLICING MATTERS

The Clerk advised the meeting that he had not been informed by P.C. Schofield that he would not be attending this evening. The Clerk read out to the meeting a reply he had received from Inspector Maxwell advising that the change that had been put in place was on a temporary basis and that P.C. Chalmers did now in fact cover the Pen-y-Maes area of Holywell as well as providing support for P.C. Schofield in Bagillt. It was confirmed Holywell did not take priority over Bagillt. As P.C. Chalmers now covered two different areas, and to avoid confusion, P.C. Schofield would continue to take the lead in Bagillt as he always had done. The reason the change had been put in place was to cover the absence of another Officer who had been involved in a road traffic collision earlier this year and P.C. Schofield would also receive support from the three Community Beat Managers working in Flint.

22. MINUTES

The following comments were made on the minutes of the Annual meeting of the Council held on 12th May 2006.

a. Minute No. 5(b) – Tyn Twll

The Clerk advised Councillor C.R. Williams that he was still awaiting a reply.

b. Minute No. 5(f) – Public Notice Boards

In response to Councillor Mrs. S.L. Jones, the Clerk advised the meeting he was still awaiting a reply from the Planning Authority but had in the meantime visited notice boards erected by other Local Councils and upon which he would report in due course.

c. Minute No. 5(h) – High Street Hedges

The Clerk read out to the meeting a reply received from Flintshire concerning the area opposite the former Police houses in High Street, and in particular the condition of the ivy. The area had been inspected and it was noted the ivy was overgrowing the wall by approximately 150 mm. and whilst it was considered not to be causing a problem at present, arrangements were being made to cut back the ivy later this month as part of the hedge cutting programme in the Bagillt area. Councillor Mrs. D. Jones made reference to the fact that the ivy growth in general was smothering other plants, particularly the bulbs.

d. Minute No. 6 – Litter Bins

The Clerk reported on a response received from Flintshire County Council which advised that 2 Maelor Tarfflex litter bins had been placed alongside the two bus shelters in the Boot End as part of an exercise to monitor the need for litter bins in particular areas. Flintshire County Council were suggesting the Community Council offer to pay for the installation of one of the litter bins erected at a cost of £285 (plus VAT) and inasmuch as one of the bus shelters were the responsibility of this Council, this was agreed accordingly.

e. Minute No. 17 – Hanging Baskets 2006

It was noted that the hanging baskets had been erected on the 9th June thanks to the efforts of Councillors R. Davies, A. Griffiths, M.A. Reece and the Chairman. In relation to the watering of the plants, which he was undertaking as for last year, the Chairman indicated it would be helpful if he could obtain a carrier for the hose or alternatively have it located nearer the hanging baskets. On the latter point, Councillor R. Davies offered to approach the owner of Bon Marché or to have the hose located on his premises.

f. Minute No. 20(b) – Land Opposite The Feathers Hotel, High Street

Councillor A. Griffiths referred to the further reply received from the Planning Authority which indicated that the owner had stated he was having difficulty in tracing the person responsible for the vehicles and that he had consulted a solicitor regarding this matter. The Member was of the view that the number of cars appeared to be on the increase and it was agreed that a letter be forwarded to the owner requesting action accordingly.

23. ACCESS TO THE FORESHORE

In response to Councillor M.A. Reece, the Clerk advised that he had not received a response from either the County Council or the Environment Agency following the representations made since the last meeting on the issue of erosion at the former landfill site on the foreshore. The Member further expressed the view that it would be necessary for the two local County Councillors to take the issue up on behalf of the Community Council with Flintshire County Council, as this Authority were being ignored on this issue as with some others, a view that was shared by Councillor C.R. Williams, who indicated the need for action.

As the one Flintshire Member present, Councillor J. Ovens requested to know what exactly the Members wished him to do in relation to this issue by making reference to the different aspects of inappropriate vehicle use on the foreshore, damaging the land surface and causing noise, fly tipping and damage to the Condis Pool area, as well as the concerns previously expressed with regard to the erosion of the former landfill site area. There was also the long outstanding issue in relation to locking the gates and the views previously expressed by the land owner and also Bagillt Car Spares on this issue.

Reference was made by Councillors M.A. Reece and C.R. Williams to the issue of the gates and comments previously expressed by P.C. Schofield concerning apprehending those inappropriately using vehicles on the foreshore. In conclusion, Councillor J. Ovens offered to arrange a meeting with an appropriate Officer at Flintshire County Council to also include other Members and report back to the Council, whilst the Clerk indicated he would forward the Member a copy of recent correspondence on this issue.

RESOLVED :

That the offer of Councillor J. Ovens to arrange a meeting with an appropriate Officer at Flintshire County Council be accepted and that subject to availability the Council also be represented by Councillors M.A. Reece and C.R. Williams.

24. CHAIRMAN'S COMMUNICATIONS

The Chairman advised that he would be attending the Civic Sundays arranged for Flintshire County Council on 9th July and Flint Town Council on 25th June.

The Chairman advised the meeting that the Council had received an invitation from Flintshire Local Voluntary Council to attend their AGM on 7th July and it was agreed that Councillor Mrs. S.L. Jones represent this Authority.

The Chairman read out to the meeting a press release issued by Flintshire County Council concerning improvements in the High Street, which the Clerk had obtained from the County Council website. It advised that the scheme was to upgrade the drainage system to alleviate flooding problems and would commence on the 5th June, lasting for approximately 20 weeks. Initially site preparation work would take place on the by-pass to enable traffic management to be put in place shortly afterwards, which would involve the use of lane closures in conjunction with traffic lights. There would be other traffic management measures put in place, mainly on the High Street, to enable the scheme to be completed, All efforts would be made to minimise disruption to the travelling public and notification of the various stages of the work would be by use of on-site notices.

25. AUDIT OF ACCOUNTS 2005/2006

a. Internal Audit

The Responsible Financial Officer advised that earlier in the week he had received the documentation from the internal auditor. In relation to the report from JDH Business Services for 2005/06, the Clerk advised the meeting that, on the basis of the internal audit work carried out, which was limited to the text indicated in the documentation, it was the view of the auditors that the Council's system of internal controls was in place and adequate for the purpose intended and effective, subject to the recommendation contained in the action plan.

In relation to the action plan, reference was made to the follow-up on the 2004/05 audit. There was only one issue brought to attention by the internal auditor for 2005/06, which was a follow-up on that for the previous year which indicated that the staff costs be included in the annual return to the external auditor did not agree with the payroll returns due to the fact the employer's NI had not been included. The action required was to amend the staff cost disclosure in the annual return. The internal auditor had offered to meet with the Responsible Financial Officer and explain the need for the figures to be reconciled should this be necessary. This issue aside, the books and records, including year end accounts, had been maintained in exemplary form.

RESOLVED :

1. That the completion of the internal audit for the accounts 2005/06, and the satisfactory conclusion reached by the Council's internal auditor, be noted.
2. That in relation to the action plan, the action required to amend the annual return be noted and implemented accordingly.

b. External Audit of Accounts

Notification had been received that the external audit of accounts for 2005/06 would be held on 28th July 2006. The Responsible Financial Officer advised the meeting that public notice had been displayed at the Community Centre notice board, Branch Library and Post Office, in accordance with the Regulations.

The annual return had been completed for section 1, the Statement of Accounts, and been signed by the Responsible Financial Officer and Chairman who had been in the Chair when the accounts were approved by the Council last month. The Chairman had also initialled amendments as a result of the action plan requirements referred to by the internal auditor concerning staff costs and these required the approval of the Council. The section 2, Statement of Assurance, copies of which had been previously circulated, required the approval of the Council and signature by the Chairman and Clerk. It was noted section 4, Annual Internal Audit Report, had been completed by JDH Business Services Ltd., the Council's internal auditor.

RESOLVED :

1. That the action taken by the Responsible Financial Officer concerning public notice of the audit of accounts for 2005/06 be noted.
2. That the amendments to section 1, Statement of Accounts, as reported to the meeting and initialled by the Chairman, be approved, and that the explanation for variances be noted.
3. That the section 2, Statement of Assurance, be answered as 'yes' for each aspect and signed by the Chairman and Clerk.
4. That the Clerk forward the annual return and supporting documents to the external auditor on behalf of the Council.

26. PLANNING

Applications

No.	Location	Detail
041419	17 Upper Riverbank	Demolish garage/front extension.
041410	Ty Kennice, Bagillt Road	Front Extension, single storey.
041376	Arfryn, Bagillt Road	Outline – erection of dwelling/ access.

As the above applications were within the 21 day deadline to use the planning on-line reply service, the Chairman, local County Councillor and Local Member, were consulted, and agreed the proposals be supported. In relation to 041376, further comments were made about the new property proposing to use the existing access and the new access for the existing property being a matter for the Highway Authority.

041504	Land at the side of Rowen High Street	Erection of a dwelling.
041487	Land at the side of Whitefield House, High Street	Erection of two dwellings.
041573	5 Alwyn Drive	Erection of extension to rear for living accommodation/garage.
041525	Panton Hall, Old Bagillt Road	Erection of detached garage/ domestic work shop.
041128	Land at Station Road (amended)	Erection of 3 Units for light industrial use with car parking.
041602	Old British Legion Club Tai Newydd, Gadlys Lane	Demolition of existing single storey development and erection of 7 terraced houses and one detached dwelling.
041518	2-4 Dee Bank Industrial Estate	Change of use to taxi business.
041470	White Horse Inn, High Street	Outline application – demolish public house erect two detached 4-bed. dwellings with parking.

In relation to application 041602, the Clerk red out to the meeting supporting documentation in relation to access arrangements and cessation of existing taxi business.

RESOLVED :

1. That applications 041504 and 041518 be supported.
2. That applications 041487, 041128 (plus reference to traffic conditions) and 041470 (plus reference to culvert situation) be neither supported or objected to.
3. That applications 041573 (overbearing extension for area), 041525 (historical significance of existing building) and 041602 (over

development and traffic access) be objected to for the reasons indicated.

b. Site Visit – Applications 041751 and 040755 – Residential Development of Former Clinic, Gadlys Lane, and Adjoining Site

The Council had been notified of a site visit to take place on 30th May, prior to the Planning Committee of Flintshire County Council considering the applications. After consultation with the Chairman, Councillor J. Owens agreed to attend and represent the Council. It was noted that the applications had been subsequently approved.

27. REPORTS BY REPRESENTATIVES

a. Eisteddfod 2007 – Flintshire

The Council had been represented at the meeting for representatives of Town and Community Councils in Flintshire, to be advised of what happens at the National Eisteddfod and also financial aspects of such an event by the Chairman, Councillor C.P.Owens and the Clerk. The Clerk advised that from 2007 a deal had been agreed by all 22 County Councils in Wales that they would each give £20k per year rather than falling on one Authority as present. The delay in awarding the event to Flintshire in 2007 was explained and it had given the area only 18 months to organise the event but they were well advanced. From a choice of two sites in the County the Pentrehobyn Estate in Leeswood near Mold had been chosen but it was stressed it was for Flintshire and District.

A video of a previous Eisteddfod gave an indication of the musical and cultural activities that were held over the event period, as well as the commercial opportunity. It was estimated that between 160,000 and 200,000 could be expected to attend, which could generate between £4.5 to £6.5 million for the local economy. There would be extensive television coverage and a web cast with the Evening Leader producing a special daily paper with the day's activities on the site.

Flintshire had agreed to make £100k available and would also be helping in other ways with local communities expected to raise a further £190k. The Flintshire area was being divided into areas for raising funds. Details were given of the sums already announced by other Local Councils.

A letter had now been received from the area representing Holywell, Bagillt and the five villages (Carmel, Gorsedd, Lloc, Pantasaph and Whitford). The fund raising committee which had a target of £10,500 which was £3,500 each for Holywell, Bagillt and the five villages. The Council were then asked to consider the matter of financial assistance

and were advised by the Clerk that they had general powers to make a contribution under Section 145 of the Local Government Act 1972, and the position of the Miscellaneous Fund and balances.

RESOLVED :

1. That the report of the meeting held to discuss arrangements for the 2007 Eisteddfod for Flintshire be noted.
2. That in relation to the request for financial assistance from the fund raising committee for the area, they be advised that this Council will make a contribution of £1,500 to the target for Bagillt.

b. Police Merger – Wales

The Council had been represented at the meeting by Councillor A. Griffiths and the Clerk, which had been convened to act as a Focus Group for the Flintshire area as one of a series of seven throughout North Wales. External consultants were acting on behalf of the North Wales Police Authority. An update was given on the merger proposals. A new Authority intended to come into effect on 1st April 2007 and a Shadow Authority in being from 1st September 2006. The change to the structure required a Statutory Instrument to be passed by both Houses of Parliament before the summer recess.

The Clerk made reference to the issue of governance, which would apply for the first two years and thereafter, and also to the role of the Home Secretary. In relation to command, there would be more than one Deputy Chief Constable, with one for North Wales with certain delegated functions. Reference was also made to the issue of finance, which had received significant publicity, and to the shortfall, which was the current concern of the four existing Chief Constables.

Current views indicated that 91% of the public in North Wales were against the proposal and it was hoped the Home Secretary may be prepared to listen, even if it only meant a slow down on the merger timetable. Those attending were then asked to comment on the needs for North Wales in any new set up. Particular note was made about the more advanced Community Policing in the North as a result of the higher precept, continuing co-operation with English Forces, the needs of the Welsh language and the role of the Home Secretary.

RESOLVED :

That the report be noted and that the previous stance of the Council opposing the merger be reiterated.

c. Parking of Vehicles – Ysgol Glan Aber

The Council had been represented at the site meeting which took place on 13th June by Councillors Mrs. S.L. Jones and J. Williams. The Members advised that it took place in the afternoon at the end of the school day and they had taken the opportunity of addressing the County Officers presence concerning possible opportunities in relation to the grassed area at the Youth Centre. A reply had now been received from Flintshire County Council, which the Clerk read out to the meeting.

The request for the provision of parking bays on County land would be going against the aims of the “safer routes to school” initiative, which was seeking ways to reduce car usage by promoting walking and cycling to school as a healthy alternative. This would only work with the full support of the School Governing Body and parent involvement. It was believed enquiries were being made by the LEA to extend the tarmaced area fronting the Community Centre to increase parking available on site.

The matter of parking in the immediate vicinity of the School had been discussed with the school crossing patrol, who witnessed such practice on a daily basis. Vehicles mainly parked within the lay-by generally did not impact or interfere with their daily duties. However, vehicles did park further up the road and also toward the Boot End junction and, at times, obscure visibility. If this practice was regarded as an obstruction the Police, under their existing powers may be in a position to deal with such offenders and the matter would be brought to their attention. An additional zebra crossing facility was being provided in the near future and was to be located where the school crossing patrol presently operated, which would no doubt further improve the safety within the immediate vicinity of the pedestrian access. As part of the works a build-out of the existing lay-by would be necessary to coincide with new zebra markings and to ensure increased visibility for the school crossing patrol during the operation of their duties.

Councillor Mrs. S.L. Jones expressed concern regarding the reference to the build-out of the existing lay-by, which if it reduced the limited safe parking already in the area would only exacerbate the situation.

RESOLVED :

1. That the report of the outcome on the site meeting be noted.
2. That clarification be sought from the County Council regarding the reference to the building out of the existing lay-by.

d. Bagillt Heritage Society

Councillor C.P. Owens advised that it was intended that work would start soon on the improvements to the War Memorial area, including the lighting scheme, and it was estimated that in total it would cost in the region of £9.5k. Reference was made as to the improvements that would be involved and a comment from Councillor J. Griffiths concerning the recently planted area being disturbed was noted. The Chairman advised the meeting that the Society were making an application for further funding, upon which he was hopeful. The next project for the Society would involve an industrial heritage walk.

RESOLVED :

That the report be noted.

28. DONATIONS

The Clerk advised the meeting on four applications which had been received for donations.

RESOLVED :

1. That as the requested information had not been received from Condie's Community Fishing Club, the application be further deferred to the next meeting and that Councillor M.A. Reece be requested to approach the secretary in order to make progress
2. That in respect of the application from Homestart Flintshire, further information be sought from the Organisation in relation to assistance it gave to families in the Bagillt area.
3. That in relation to the application from the Boot End Tenants and Residents Pavilion Committee, the matter be deferred to the next meeting pending receipt of the information requested regarding equipment being sought and existing financial details but that they be advised that the Council was agreeable in principle to making a financial contribution.

Note : Councillors Mrs. S.L. Jones and J. Williams declared a personal interest in this item and did not take part in the discussion or vote thereon.

4. That a donation of £50 be made to North East Wales Search and Rescue under Section 137 of the Local Government 1972 (cheque No. 101035).

29. ACCOUNTS FOR PAYMENT

RESOLVED :

That the undermentioned accounts be paid :

Name	£	Cheque No.	Expenditure Powers
Dragon Trophies	105.95	101028	Loc.Govt.Act 1972 S.137
Mr. G. Roberts	698.29	101029	Loc.Govt.Act 1972 (S.112)
H.M. Revenue & Customs	183.32	101030	Loc.Govt.Act 1972 (S.112)
JDH Business Services Ltd.	82.05	101031	Loc.Govt.Finance Act 1982
Welsh College of Horticulture	192.70	101032	Loc.Govt.Act 1972 (S.144)
Open Spaces Society	30.00	101033	Loc.Govt.Act 1972 (S.111)
S.F. Hodgkinson & Son Ltd.	155.10	101034	Loc.Govt.(MP) Act 1976 (S.19)
S.F. Hodgkinson & Son Ltd.	105.75	101036	Loc.Govt.(MP) Act 1976 (S.19)

30. CODE OF CONDUCT FOR MEMBERS OF TOWN AND COMMUNITY COUNCILS

The meeting considered a letter received from Flintshire County Council advising that they had been waiting for many months for the Welsh Assembly Government (WAG) to introduce an amended Code of Conduct for Members of County, Town and Community Councils. As there was a likelihood that there would be significant change in the present position, the Council's Standards Committee delayed arrangements for Members' training until the new Code became available to avoid any confusion that might arise. Despite representations made, and to be made again soon to WAG, the likelihood was that progress was unlikely to be made in the near future.

Accordingly, the Standards Committee agreed to invite Clerks and up to three Members from each Local Council in the area to meet to discuss issues on which they had concerns relating to the Code of Conduct. The arrangement was not intended to replace existing training that would still be necessary once the new Code was introduced which might assist Clerks and Members in dealing with issues of concern on the existing Code. Two dates were offered for the meetings next month.

RESOLVED :

That the Clerk represent the Council on either the 6th or 12th July, as appropriate

31. JULY 2006 MEETING OF THE COUNCIL

Following prior consultation with the Chairman, the Clerk reported to the meeting on a possible need to change the date for the meeting scheduled to be held on 14th July, due to personal circumstances. Possible alternative dates had been discussed with Ysgol Merllyn and they were able to offer Monday 17th July as an alternative.

RESOLVED :

That the change in the scheduled date of the July meeting from Friday 14th to Monday 17th be agreed should this be necessary and the Clerk ensure that Members are advised accordingly.

32. COMMUNITY DECLINE AND CHARTER 88's CAMPAIGN FOR A MODERN DEMOCRACY – EMPOWERING CITIZENS ON LOCAL COUNCILS

The meeting considered information received from Charter 88 with a request that they ask the Local MP to sign an early day motion relating to a Sustainable Communities Bill.

RESOLVED :

That no action be taken in relation to the request.

33. ELECTORAL ARRANGEMENTS IN WALES

The Clerk advised that the National Assembly for Wales had forwarded a Consultation document which highlighted the issues raised by the evidence of the review and posed questions upon which views were being welcomed by 4th September 2006. It was recommended that a report be prepared for the next meeting, in consultation with the Chairman and Vice-Chairman, with a view to recommending a response on behalf of the Council. The Clerk advised the meeting that he had a number of the Consultation documents for Members' perusal, having already given a copy to both the Chairman and Vice-Chairman.

RESOLVED :

That the Clerk, in consultation with the Chairman and Vice-Chairman, prepare a report for consideration at the next meeting of the Council in relation to this issue.

34. MEMBERS' ITEMS

a. Road Runner Waste

Councillor C.R. Williams made reference to the complaints he had received concerning the footpaths and also the state of the highway as a result of the Road Runner operation. The Clerk advised the meeting that he had been contacted earlier this week by a Mr. Bennion of the Minerals Section of the Planning Authority, to indicate he was now responsible for the Road Runner situation and after looking at the file had noted the regular letters from the Council expressing concerns about the crushing plant site and the non-permission site at the entrance to Bagillt Car Spares. He had arranged a site meeting with the owner for next Monday but unfortunately his agent could not be present. In relation to the existing site it would also cover a possible extension if land could be negotiated and planning permission granted. On the present conditions he expressed the use may be inappropriate for the operation in hand as it was not possible for the owner to comply.

In relation to the Bagillt Car Spares site, there was a matter of gaining consent in planning terms or to pass the matter over to Enforcement for action. Accordingly, an Officer from the Enforcement Section would also be present at the meeting on Monday. Mr. Bennion had offered to attend a future meeting of the Council to explain the planning situation in relation to Road Runner and respond to questions raised.

Councillors M.A. Reece and A. Griffiths supported the comments that had been made concerning the operation of the plant and felt that the opportunity to meet with a County Officer at a meeting in the future should be accepted.

RESOLVED :

That the offer of the Officer from the Minerals Section of the Planning Authority to attend a meeting of the Council be accepted and he accordingly be requested to attend the next meeting should he be available.

b. Cannon Drive

Councillor C.R. Williams made reference to the amount of glass located on the walkway and requested that action be taken for it to be

removed. The Clerk advised that he would contact the Community Caretaker with a view to having it removed.

c. Housing Development – Former H & J Davies Garage, High Street

Councillor Mrs. D. Jones made reference to the brochure issued by the developers who were building 24 houses on this site and to the need for a play area, having regard to the number of dwellings and its location to busy highways and a junction. In response, the Clerk advised he had made contact with the Planning Department of Flintshire, who had confirmed that the approval was subject to a Section 106 Agreement to provide a play facility. The Recreation Section of the Education Department of Flintshire County Council had been involved in discussions with the developer and confirmed it would have a slide, child seats and some springers, plus a public bench. When development was at the halfway stage it was normal to request the developer to pass over the agreed amount to the County Council to enable the provision of the play equipment.

In relation to this development, Councillor M.A. Reece made reference to the name once it had been completed, whilst Councillor R. Davies understood that three bilingual names had been suggested. The Clerk advised that the Council had not as yet been consulted and reminded the meeting of the procedure which had been notified in relation to the development to the rear of the War Memorial.

d. Trem Afon

Councillor J. Williams made reference to the need for the toilet facilities at the premises to be provided with a low flush facility and that there was neither any boiler or hot water facility, although the latter was understood to be part of the agreed provision of new kitchen facilities. There was also an urgent need for decoration of the premises. Councillor A. Griffiths undertook to investigate the progress in relation to this matter within the Housing Department of Flintshire and report back to a future meeting.

e. Hedges Overgrowing Street Signs

Councillor S. Manfredi indicated that attention needed to be given to hedges which were overhanging street signs at Tyddyn Mesham and High Street in the vicinity of The Blossoms, whilst Councillor J. Williams indicated that some attention was needed for the sign in the vicinity of the Trem Afon. It was agreed that the Clerk arrange for the Community Caretaker to attend to these issues, or request Flintshire County Council to do so accordingly.

f. Flower Beds

Councillor A. Griffiths made reference to the flower beds which had been provided as part of the Environmental Improvement Scheme once the pavours had been installed and to the fact that even though they had now been replanted for a second time they were still being trampled by the public going to and from the car park. An option would be to either have the area subject to more pavours or by providing a raised bed to give some form of protection to the plants. Councillor J. Ovens indicated that he would be prepared to raise this issue in his role as a County Councillor, and it was agreed also that the Clerk should make representations to the County Council.

**IN ACCORDANCE WITH BAGILLT COMMUNITY COUNCIL'S
CODE OF CONDUCT**
